Ford Motor Company and their dealer body are growing the Quick Lane Tire & Auto Center network from the current 400+ locations, to over a 1,000 locations.

Based on the overwhelming response of retail and fleet customers, more and more dealers are making the decision to invest in Quick Lane.

Visit our web-site at [www.quicklane.com](http://www.quicklane.com) to obtain a list of the dealers near you that have opened a Quick Lane. And, check back frequently, to see if other dealers have joined the ranks as we grow to 1,000 locations.

We will be adding a B2B section to our web-site at the end of 2007 to enable us to better serve you.

Also, in 2007, Quick Lane Tire & Auto Centers is working to become a preferred service provider to LeasePlan, one of the world's leading vehicle management providers. LeasePlan is the first national fleet company that Quick Lane anticipates establishing an agreement with.

Quick Lane Vehicle Inspection Report (VIR)

**Every Vehicle Inspected**

Bring in all your vehicles for a multipoint inspection and let us handle all of your maintenance and quick service needs. After each inspection, we provide you with a Vehicle Inspection Report (VIR) that allows you to monitor your vehicle maintenance needs and schedule repairs or maintenance at your convenience.

This service is provided as a courtesy to all Quick Lane customers, but will be especially helpful for fleets to ensure proper maintenance is performed in a timely manner on all vehicles.

OUR REPUTATION IS YOUR GUARANTEE.

Quick Lane Tire and Auto Centers are how we plan to earn it.

- 1. Dealership Quality Service**
- 2. Competitive Prices**
- 3. Convenient Hours**

# Provides the service that Fleet Customers are looking for!

## 1 Dealership Quality Service

Quick Lane Tire & Auto Centers offer the ease and convenience of an aftermarket repair shop with the quality and commitment of a dealership service department, for all your vehicles, regardless of make and model!

We use Genuine Ford and Motorcraft® quality parts on all applications possible.

We have access to Ford's OASIS system to check for outstanding recalls and review applicable Technical Service Bulletins (TSBs).

Our technicians are trained to provide services for all vehicles that include:

- Oil and filter changes
- Safety inspections
- Name brand tire sales and service
- Alignments
- Brake inspection and repair
- Battery testing and replacement
- Shocks and struts
- Minor engine tune-ups
- Air conditioning services

We do more than just oil changes. We perform all scheduled maintenance, and inspect your vehicle to alert you and your drivers to any impending maintenance needs.

Our stores feature all the amenities found in a typical aftermarket service center and in a dealership service department.

## 2 Competitive Prices

Quick Lanes continually benchmark the aftermarket, our competition, to ensure that our prices are competitive on the repairs we offer.

We'll beat your best price – guaranteed! On all name brand tires we sell.

Visit your local Quick Lane to see for yourself just how competitive we are, and just how much we want your business!

## 3 Time IS Money!

At Quick Lane, we know how important time is to a fleet owner and operator. Our goal is to keep your vehicles on the road when you need them. That is why we offer:

- Convenient hours and priority service — no appointments necessary!
- Open 12 hours a day, Monday thru Friday
- Open Saturday
- Service to ALL makes and models — not just Ford Motor Company vehicles.

Also, to save you time and effort, Quick Lane Tire and Auto Centers participate in Ford's Quality Fleet Care (QFC) program. That means Quick Lanes can:

- Offer convenience and security to company drivers as they do not have to carry or manage company credit cards, cash, or checks.
- Submit electronically the entire cost and detail of the service visit through to your QFC account.

Most Quick Lane Tire and Auto Centers offer monthly billing accounts, as an alternative for qualified Fleet Customers. The billing comes directly to your accounts payable department once per month.

Either way, your drivers can stop in at a time convenient to them for service, sign off on the Repair Order, and be on their way.
