

OVERVIEW

The Chevrolet Impala Limited Police Package (9C1) offers full-size car utility with mid-size agility. It features competitive interior roominess for officer comfort (105 cu. ft. of interior volume) and also a sizable trunk to accommodate a great deal of police equipment (up to 18.6 cu. ft. of trunk volume).

With its front-wheel drive configuration, Impala offers excellent all-weather traction to get officers through snow and rain. Impala also boasts tremendous efficiency with the best highway fuel economy of any police product with an EPA estimate of 28 mpg.

Performance is also very strong thanks to our 3.6L SIDI DOHC V6 with over 300 horsepower underneath the hood. That strong power yields outstanding acceleration and top speed. In fact, the Impala achieved a top speed of 149 mph at the 2014 Michigan State Police Vehicle Evaluation.

The Impala comes with a standard 5-year/100,000-mile limited powertrain warranty¹, and a standard 2-year/24,000-mile scheduled maintenance program². Couple all of these attributes with the lowest MSRP of any police-rated product in the market, and Impala becomes an unbeatable value for any law enforcement agency. It is available for both marked and undercover patrol.

EFFICIENT FEATURES

- > Direct Injection
- > Variable Valve Timing
- > 6-speed automatic transmission
- > E85 FlexFuel capability

Shown with aftermarket equipment

Available Exterior Colors

- 17U Silver Ice Metallic
- 50U Summit White

¹ 5 years or 100,000 miles, whichever comes first. See dealer for details.

² Covers scheduled oil changes with filter, tire rotations, and 27-point inspections, according to your new vehicle's recommended maintenance schedule, for a maximum of four service events within 2 years or 24,000 miles, whichever comes first. Does not include air filters. See participating dealer for other restrictions and complete details.

³ A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.
