BREAST CANCER AWARENESS

THINK PINK - OUR CHARITIES OF THE MONTH

It takes a warrior's courage to fight breast cancer. It takes a warrior's dedication to deal with the everyday triumphs and stumbling blocks. It takes a warrior's strength to fight, day in and day out, 365 days a year. It takes a warrior to face the adversity that is cancer.

Natchez Ford Lincoln supports the fight of the warriors through The Ford Warriors in Pink campaign and the Susan G Komen Foundation in their fights to eradicate Breast Cancer. The efforts on their part do not happen one month a year but 365 days a year and we are pleased to support their great cause.

The Warriors in Pink "Models of Courage" program is just one of the ways that the organization brings to light the real life stories of breast cancer survivors. The nine women and two men selected to serve as Models of Courage come from different cities, different cultures, and different generations. They are married, single, working moms and retired grandparents. In their roles as Warriors in Pink Models of Courage, they serve as ambassadors for Ford and the fight against breast cancer, sharing their very personal stories of hope and survival, reaching out to others in need of support and encouragement.

The Ford Warriors in Pink campaign, with \$120 million dedicated to the cause, is nowhere near done. As long as breast cancer affects our moms, sisters, daughters, fathers and sons we will continue to fight," said Tracy Magee, Ford Primary Brand Experiential Manager. "The personal stories and experiences of the Models of Courage will help raise awareness, as well as inspire those battling breast cancers to continue the fight."

Yes you read it right - we want to buy your car even if you don't buy ours. No matter what reason you are selling your car - we want to have the opportunity to buy it.

Shopping for a great car deal but the dealer won't give you enough money for your trade? Bring it to us and we will buy it out right improving your deal at that other dealer. In fact, bring it to us before you start shopping then you will know what your trade is really worth before you shop.

Imports or domestics - cars or trucks - we are buying all kinds of vehicles. We will give you a free buy bid for your car regardless of your circumstances. We do it as a service to you but it also helps us.

We are selling cars and trucks all over the country. Your vehicle may be worth more in California than here in Mississippi. We know that. With this information we can give you more for your vehicle because we have the outlets to sell to in these other markets - others may not.

TIP OF THE DAY!

FILL WITH WASHER FLUID ONLY

Don't add water to the windshield washer reservoir. It won't clean as well as washer fluid, and it may freeze in cold weather and damage the system. Don't try to run your windshield washer system once you suspect there's no more fluid in the tank, or you may damage the washer fluid pump.

FORD F-150 TO OFFER ABILITY TO RUN ON COMPRESSED NATURAL GAS AND LIQUEFIED PETROLEUM GAS

Ford, the top-selling truck for 36 years running, can lay claim to another laurel – the only automotive manufacturer to offer a CNG/LPG-prepped engine in a half-ton pickup (Ford F-150). Beginning in the fall 2013, the 2014 Ford F-150 equipped with the standard 3.7-liter V6 engine will be available with a factory-installed CNG/LPG Gaseous-Fuel Prep Package. The package includes hardened engine intake and exhaust valves as well as upgraded pistons and piston rings so the engine can operate on compressed natural gas, liquefied petroleum gas or gasoline through separate fuel systems. CNG/LPG cost could be less than that of unleaded regular fuel. That is especially important for business customers and fleet owners with trucks that put on lots of miles.

JOKE THE MONTH

A grasshopper walks into a bar and the bartender says, 'Hey, we have a drink named after you!'

The grasshopper looks surprised and says, 'You have a drink named Steve?'

Quotes:

Don't judge each day by the harvest you reap but by the seeds that you plant.

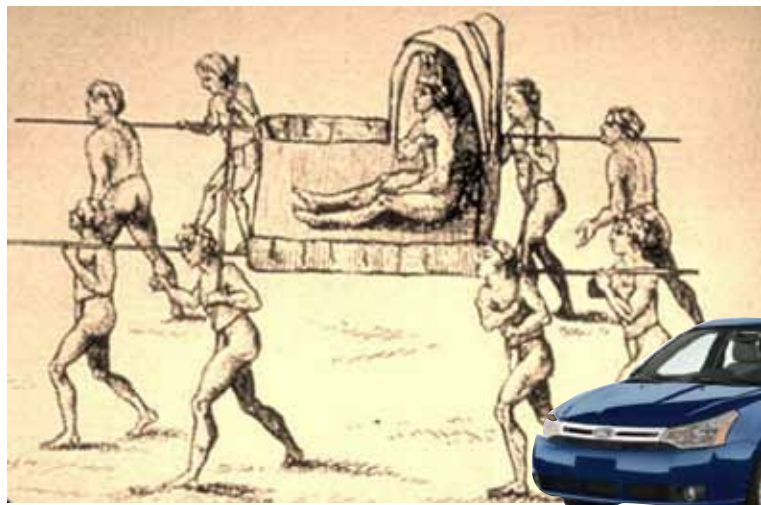

Robert Louis Stevenson

I hated every minute of training, but I said, 'Don't quit. Suffer now and live the rest of your life as a champion.'

Muhammad Ali

Believe you can and you're halfway there.

Theodore Roosevelt

NATCHEZ TRANSPORTATION & FOOD WHAT A DIFFERENCE 300 YEARS MAKES... OR DOES IT!

The Natchez Indians made long dugout canoes from hollowed-out cypress logs. Over land, the Natchez used dogs as pack animals. (There were no horses in North America until colonists brought them over from Europe.) The Great Sun (the king) always rode in a litter, which is a special kind of carriage carried on the shoulders of other men.

Canoes and dogs to Powerstrokes and Hybrids... what a difference 300 years makes.

300 years ago The Natchez were farming people. Natchez men also hunted deer and wild turkeys and went fishing in the rivers.

SOME THINGS JUST STAY THE SAME.
