

# MISS-LOU'S WHEELS 'n DEALS

NATCHEZ FORD'S **ONLINE** NEWSLETTER FOR FUN & SAVINGS

Schools back in session. Fall is around the corner. With that Ford is increasing Incentives to move out the 2013 models and the 2014 models are arriving.

Welcome to our September edition of our newsletter. We have some great used car specials, interesting articles, and new car incentive announcements.

Also enjoy the games, jokes, puzzles and recipes inside. We have tried to include many things you have asked for. Some of these are:

- [Charity of the month](#)
- [Efficiency and Power](#)
- [New Car Specials & Incentives](#)
- [Our 20 Best Used Car Values](#)
- [Service Tips Of The Day & Valuable Coupons](#)
- [Word Games, Sudoku, Recipes & Just Fun Stuff](#)
- [Interesting Product Articles & More](#)

I hope you enjoy! Let me know!

Thanks for your past business and let me know what I can do to earn your future business.

Sincerely,

Brad Yarbrough  
President, Natchez Ford

# CHARITY OF THE MONTH

## *NATCHEZ CHILDREN'S HOME SERVICES*

Since 1816 Natchez Children's Home Services has helped thousands of abused, neglected and at risk children. The privately funded, Christian agency is located in historic Natchez, Mississippi and serves children of all ages from throughout the region.

Natchez Children's Home is one of our favorites to give to. You can not help but get emotionally involved when you see a smile come on to one of these young people's faces. Though they have faced abuse and hardship they have not forgotten how to love and be loved and we love being a part of it in our small ways.

In the past we held a number of events in support of the Services and the children including an Open House for the children in the summer where they received toys school supplies and a fun lunch and romp around our dealership facilities, private trick or treat days in October and, of course, some financial contributions.

The Natchez Children's Home Services certainly embodies the sound principals that we see throughout the Miss-Lou. We are proud to support this fine organization.

# EFFICIENCY + POWER

## OUR ECOBOOST ENGINES:

### Why They Are So Good!!!

- Turbocharging and direct injection deliver the performance of a larger engine while offering impressive fuel economy
- Through turbocharging and direct injection, smaller engines can produce more power and maintain efficiency
- The combination delivers great low-end torque responsiveness to provide power plus fuel economy

## OUR HYBRID ENGINES

Our Fusion Hybrids – 47 mpg & More  
Gas engine + battery-driven electric motor

- Vehicle seamlessly switches between gas engine, electric motor or combination of both to deliver fuel efficiency and performance
- Gas engine and regenerative braking automatically recharge battery pack
- Doesn't need to be plugged in

# WE WANT TO BUY YOUR CAR!

**Natchez Ford Has Been Named an Official Auto Trader Buying Center**

Yes you read it right - we want to buy your car even if you don't buy ours. No matter what reason you are selling your car - we want to have the opportunity to buy it.

Do you need cash? Sell your car to us and we will give you the cash the same day. Need to get out of a high payment? Sell your car to us and we will pay it off so you do not have to make that payment any more.

Shopping for a great car deal but the dealer won't give you enough money for your trade? Bring it to us and we will buy it out right improving your deal at that other dealer. In fact, bring it to us before you start shopping then you will know what your trade is really worth before you shop.

Imports or domestics - cars or trucks - we are buying all kinds of vehicles. We will give you a free buy bid for your car regardless of your circumstances. We do it as a service to you but it also helps us.

We are selling cars and trucks all over the country. Your vehicle may be worth more in California than here in Mississippi. We know that. With this information we can give you more for your vehicle because we have the outlets to sell to in these other markets - others may not.

So for whatever reason you want to sell your vehicle - think Natchez Ford - the Miss-Lou's Official Auto Trader Buying Center.

# TIP OF THE DAY!

## Change your transmission fluid regularly!

Change your transmission fluid regularly! No matter where or when, breakdowns are never convenient, often dangerous and always expensive. As your transmission fluid ages contaminants build up and viscosity breaks down. Your transmission is left vulnerable to breakdowns even from ordinary daily wear and tear. At 50,000 miles you should have your transmission fluid checked by a certified technician.

# FORD FUSION NAMED 2013 “GREEN CAR OF THE YEAR”

The Ford Fusion became the least expensive vehicle to ever win this award. In the past, sales of green vehicles have been hampered by their relatively high price tags.

The Fusion, which starts at \$21,700 for the gas-powered base model, won because it is offered in a wide range of powertrains, said Ron Cogan, editor of Green Car Journal, which gives out the annual award to recognize leadership in cutting emissions.

“It won by virtue of the fact that it offers an array of choices,” Cogan said after announcing the award during the LA Auto Show on Thursday. “This is huge.”

Ford offers the Fusion gas-powered, hybrid and plug-in hybrid models. The Fusion hybrid is estimated to get 47 miles per gallon. A hybrid is an automobile with more than one power source, such as an electric motor and internal combustion engine or an electric motor with battery and fuel cells for energy storage.

In the past, sales of green vehicles have been hampered by their relatively high price tags.

The Fusion, which starts at \$21,700 for the gas-powered base model, won because it is offered in a wide range of powertrains, said Ron Cogan, editor of Green Car Journal, which gives out the annual award to recognize leadership in cutting emissions.

“It won by virtue of the fact that it offers an array of choices,” Cogan said after announcing the award during the LA Auto Show on Thursday. “This is huge.”

Ford spokesperson Wes Sherwood said the company was expecting to see a wider range for fuel economy on its new generation of hybrids because it is not asking drivers to compromise on vehicle performance. “If you want to drive for maximum fuel economy, the car has the tools. You can do it,” Sherwood said.

# JOKE THE MONTH

*A kindergarten teacher handed out a coloring page to her class. On it was a picture of a duck holding an umbrella. The teacher told her class to color the duck in yellow and the umbrella green, however, Bobby, the class rebel, colored the duck in a bright fire truck red. After seeing this, the teacher asked him: "Bobby, how many times have you see a red duck?" Young Bobby replied with "The same number of times I've seen a duck holding an umbrella."*

SOMETIMES OVERLOOKED...BUT NOT FORGOTTEN

## *Natchez City Cemetery Offers Interesting Historical Timelines*

[http://www.flickr.com/photos/louis\\_z\\_bickett\\_ii/3518830436/](http://www.flickr.com/photos/louis_z_bickett_ii/3518830436/)

A tour of the Natchez City Cemetery is a glimpse back in time to the early days of historic Natchez, revealing the rich and colorful tapestry of this early Southern city on the Mississippi River. Many of the builders of the magnificent Natchez antebellum homes are buried here.

Located on Cemetery Road, and overlooking the Mississippi River, the Natchez City Cemetery was established in 1822 and covers approximately 100 acres of land.

The old burying ground was on a high hill where Memorial Park and St. Mary's Cathedral are located in downtown Natchez. Samuel Brooks, the first Mayor of Natchez, from 1803-1811, is still buried there. When the cemetery was established in its present location, the remains from the old burial ground were gradually moved to the present site north of the town.

Markers with dates of deaths in the late 1700's testify to the fact that the remains were also moved from churchyards and private plantation burial grounds. Romantic, tragic and mysterious tales lie buried in the old graves.

Numerous beautiful, creatively designed iron fences, benches, iron mausoleum doors, tombstones and monuments are found within the cemetery. The varied patterns of ironwork represent almost the entire spectrum of ironwork produced in America in the 19th and early 20th Centuries. Artistically sculptured markers with often-poignant inscriptions add to the unique character of the burial ground.

The majority of the signed marble work dates to before the Civil War. Edwin Lyon and Robert Rawes, two of the most prolific and outstanding antebellum marble workers can be credited with many of the beautifully sculpted monuments. There were numbers of other talented artisans whose work contributes to the beauty of the cemetery.

## RECIPE

### Husband's Delight

A hearty stew can sure hit the spot on a blustery day. This recipe offers lots of fun, hands-on work for a houseful of cooks. And because beef stew is meant to cook slowly, kids will discover the merit of having a little patience.

What you'll need

#### INGREDIENTS:

- 10 ounces egg noodles
- 1 1/2 pounds ground beef
- 1 (14.5 ounce) can peeled and diced tomatoes with juice
- 1 teaspoon salt
- 1 tablespoon white sugar
- 1 1/2 cups sour cream
- 3 ounces cream cheese
- 1/2 onion, chopped
- 1 cup shredded Cheddar cheese

#### How to make it

1. Preheat oven to 350 degrees F (175 degrees C).
2. Bring a large pot of lightly salted water to a boil. Add pasta and cook for 8 to 10 minutes or until al dente; drain.
3. In a large skillet over medium heat, brown the ground beef. Add the tomatoes with juice, salt and sugar and simmer for 15 minutes.
4. In a separate medium bowl, combine the sour cream, cream cheese and onion and mix well. In a 9x13 inch baking dish, place half of the egg noodles, then all of the meat mixture, then the cream mixture. Top with the remaining noodles and sprinkle with the cheese.
5. Bake at 350 degrees F (175 degrees C) for 25 minutes.
