Guaranty RV Travel Center

By Miki Markovich

Perhaps you've heard the rumor. It's true. As one of the nation's largest RV dealerships, we're expanding our Junction City, Ore. facilities as we renovate and occupy the

building just north of our Motorized Showcase located at 93636 Highway 99 South.

We constantly strive to do what's best for our customers and our community. Therefore, we're excited about this expansion and have plans to create something that's truly beneficial to area travelers: 10,000 square feet of services and products geared toward helping RV enthusiasts enjoy the outdoors and travel even more than they already do. Plus, we're pleased that this new facility will create additional jobs in our community.

Services and amenities include:

- 7,500 square feet and millions of dollars' worth of parts and accessories you won't see other places.
- A convenience store so you can pick up any last minute necessities before hitting the road to adventure.
- An expanded RV Rentals location with more options to rent the right RV in case you don't already own one.

- A dog groomer to take care of your precious pooch or pooches as the case may be. We know that RVers love their pets. Come pamper them at the new travel center.
- Keep things fresh and tidy and smelling like a rose with an on-site laundromat where you can do your wash.
- An improved RV Service presence with more bays and expert technicians than you can shake a stick at.

Over the years, we're proud to have become a premier dealer in the country for brands such as Newmar, Winnabago, Northwood and R-Vision. The dealership also provides an RV full-service facility with ASE and RVIA Master certified technicians and OEM parts and accessories for RVs of all makes and models.

Quality Assurance Program

By Miki Markovich

Looking for a quality pre-owned RV? When you come to Guaranty RV Super Centers you can shop with confidence!

You know when you come to Guaranty RV for a pre-owned coach you can expect great deals, excellent customer service and a selection that can't be beat. But, did you know that all of our 2006 and

newer pre-owned RV's go through a rigorous inspection to ensure it meets our Gold Standard?

When you come to Guaranty RV, you can expect more from your pre-owned coach. Gold Standard RVs are inspected and certified to our highest standard – should any component covered in that inspection fail within 45 days of purchase, 100% of repair costs will be covered. Gold Standard RVs will clearly display a check-off sheet with an expert technician's signature indicating completed and satisfactory inspection meaning that the technician views the coach as "fully conditioned."

Why do we offer this Gold Standard when other dealers don't? We do it because we want to ensure you have a hassle-free, worry-free experience on your road to adventure.

Our goal is to do more than provide you with a cost effective way to get you on the road to fun. It's also about providing you with the sort of peace of mind that only a guarantee like the Gold Standard can provide.

At Guaranty, you're more than a customer. You're family.

Visit Guaranty RV for World Famous Service.

Two Generations Strong and Still Satisfying Customers

Dear Mr. Nill,

I had the pleasure of attending the rally on May 2, 3, 4 and 5 at your location in Junction City, Ore., with my sister and brother-in-law, Claudine and Dennis McKay. The McKay's are the proud owners of an Itasca Sun Star unit, which they purchased from you in April of this year.

Amy Clawson Performing at the May Rally

This was my first experience at such an activity. Although I am not an RV owner, but merely a guest, I feel compelled to praise the Guaranty organization for a most enjoyable 3-day event. The staff outdid themselves by seeing to it that all attendees were comfortable within their surroundings, were pleasantly entertained, were offered a variety of delectable meals and were given the opportunity to check out some outstandingly outfitted motorhomes.

I had heard from my sister and her husband about the professionalism, attention to detail and superlative customer service they received and continue to receive from Guaranty's staff. They speak highly of Tim Cooke, Shane Doyle, Jack Wilson, Jim Baker and John Raffin in the RV Service Division; Bob Edgar and Todd Sibley in RV Sales; and Bill Schrieber in the Finance Division.

There are others who contribute to Guaranty's success, namely Heleene Breckenridge and Miki Markovich. Others, who work behind the scenes, though nameless, also merit our appreciation. Thank you for a very enjoyable rally. I hope it was successful in helping you sell a number of units.

Sincerely,
 Marguerite Welch

Rapping with Vance Buford

By Miki Markovich

What is your favorite thing about the RV business?

Helping wonderful people join the RV lifestyle. There's nothing better than the feeling you get helping people create memories to last a lifetime. They become part of the family; in fact, customers send me pictures to let me know how the kids are doing. It's great.

About Guaranty?

I bleed red, white and blue. I started with Guaranty when I was 19 detailing cars and now I'm a sales representative. I learned early on what true customer service is here at Guaranty. Herb's love for the RV industry and his employees is infectious. Many employees have been here 20 plus years. With that kind of loyalty and dedication, I'm sold on Guaranty.

What are you doing when you're not at work? We heard you like karaoke.

I love being a mobile DJ. Having the opportunity to get people dancing together, laughing and having a good time, that's what it's about to me.

What is your favorite song to sing?

Ha! I have a few, but "Margaritaville" is my favorite.

What do you always take on an RV trip?

Simple. Myself.

Ducks or Beavers?

Definitely Ducks! I am with Herb on this one!

What would people be surprised to learn about you?

That I am not as scary as I look.

Do you dance?

Yes, I love to. The Traveling Cha Cha is my favorite.

If you were lucky enough to win the lottery, what would you do with the money?

I would buy mom and dad new RVs. Oh, and buy a house!

Why dedicate your life to RVs?

The RV industry has been very good to me. It has taken my family and me to wonderful places. I have met some amazing customers and co-workers. Why not?

What one song is an absolute must while on a road trip?

Dirt Road Anthem – all Blake Shelton!

What drives you to help others?

Helping others is the one thing I have always been good at.

What three adjectives would other people use to describe your personality?

My wife would say "sweet, huggable and cuddly." I think other people might say I'm passionate about what I do, maybe stubborn when it comes to what I believe in and helpful in general.

What was the last thing you read?

Stephen King's "Wolves of Calla."

What's your favorite television show of all times?

I am hooked on "Supernatural."

Try RVing for a Hassle-free, Worry-free Vacation.

The Many Benefits of RVing

By Miki Markovich

It's finally here: Summer. In our opinion, summer, like travel, is meant to be fun and relaxing. That's why we love RVing. There are no worries about lost luggage, unexpected delays, catching the bird flu from a stranger in close proximity or spending 3,000 miles listening to a screaming baby (and, if you are, it's your own and that makes it different).

Plus...

- There are no penalties for last-minute travel. If you get the urge for a vacation, you just go.
- There are no hidden fees. You know exactly what to budget for your trip. We're willing to bet you're not going to miss paying \$50 for each carry-on bag, \$20 for printing your own boarding passes, \$100 administrative fees, etc.
- You are ready for vacation whenever the mood strikes, any time of year.
- You'll have everything you need to host the ultimate tailgater!
- You can enjoy the destination AND the journey.
- You'll have all the amenities you need to keep the family comfortable and healthy.

- Your family can unplug and slow down or plug in and enjoy all the modern conveniences life has to offer.
- You can take your pets with you wherever you go.
- When you stay at home, you'll have the perfect place for friends and family to stay when they travel to visit you.

Aside from all these reasons that simply make life better, there are also financial benefits. For instance, RV trips can save families up to 78% compared to other forms of vacation travel according to a study conducted by PKF Consulting. There are also tax advantages as interest may be tax deductible as second-home mortgage interest if you use your RV as security and the RV provide basics living facilities such as a kitchen, bathroom and sleeping area. These benefits allow RV owners to put that money elsewhere, toward something they value... such as additional trips!

Never been RVing and want to try out a hassle-free, worry-free vacation with absolutely no strings attached? Check out a Guaranty RV rental. Why should you choose a Guaranty RV family vacation? It's simple. We have the right RV rental for whatever your vacation plans. Our fleet of nearly new travel trailers, camper vans and motorhomes is the answer for wherever adventure takes you. Take the comforts of home on the road while you make lasting memories with family and friends. Rates vary by season, length of rental and other factors.

Fun, affordable and easily accessible. Are you ready for an unforgettable summer? Visit us at Guaranty RV Super Centers and we'll find the perfect coach for your lifestyle and budget.

Here's an example from one of our employees:

It was July and over a hundred degrees in Isla Mujeres, Mexico. I had been lying on the hot, sandy beach for hours. Then I heard it, the familiar call of the street vendor. Since the first day I arrived on the island, I had fallen in love with the freshly made coconut ice cream. Like a Pavlovian dog, my mouth started to water. I called out to the gentleman. Not hearing me, he continued his saunter down the road. I jumped up and ran shoeless across the burning, white sand. Hot rays hit my burning skin as I made it to the street to meet him. The man requested his money, the same amount I had grown accustomed to. He opened his cart and handed me... a steaming, hot tamale. I stared for a second; my mouth might have even fallen open. I was shocked. I was looking forward to the cold, sweet, milky coconut ice cream and instead before me had a piping hot tamale. Even if I could have spoken Spanish, I wouldn't have argued. I did chase the man down. I merely took the tamale and walked back to my chair. My travel companion asked me what I had. When I told him, he merely laughed. It didn't seem to strike him as unusual at all. Thankfully, it was a good tamale.
