THE 2015 EQUINOX: SO MUCH MORE THAN A FUEL-EFFICIENT SUV.

It might be the way it offers a highway fuel consumption rating of 7.3 L/100 km1 that will excite you. Or it might be the way you can stay connected to your calls and music without taking your hands off the wheel. But the way it will surprise you isn’t any one of its features. It’s the places you’ll go. The things you’ll do. And the people you’ll meet. Because everything the 2015 Equinox has to offer is just the beginning of your journey to find new roads.

1 2015 Chevrolet Equinox front-wheel drive (FWD) equipped with a 2.4L 4-cylinder engine. Fuel consumption estimates based on GM preliminary testing in accordance with new 2015 Model Year Government of Canada approved test methods. Your actual fuel consumption may vary.
EXTERIOR DESIGN

DESIGN THAT DOES MORE. Equinox designers and engineers set out to create an uncompromising design that not only turns heads, but also helps reduce wind drag and boost efficiency. Sculpted lines and exterior accents add style to this equation. Together, it all adds up to a premium driving experience with impressive fuel consumption ratings of 10.5 L/100 km city and 7.3 L/100 km highway.1

ATTENTION TO DETAIL. From the flowing roofline and multidimensional hood to the sophisticated wraparound headlamps and available chrome accents, Equinox offers design that intrigues from front to rear, inside and out.

CUSTOM-STYLE WHEELS. Depending on the model, a variety of 17-, 18-, or 19-in. custom-styled aluminum wheels are available.
