Buy three eligible* tires, and one more dollar gets you the full set. New tires can:

- Improve fuel economy

- Enhance ride comfort

Our tires have been specially chosen for their optimal performance with Volkswagen vehicles.

Offer ends October 31. Buy today and save!

Have you checked the tread depth of your tires lately? Even tires with half their tread intact can be risky on wet surfaces.

STEERING VS SLIDING

If grooves aren't deep enough to channel water out from beneath the tread, hydroplaning can result.

CLOSE CALL VS COLLISION

If your car has worn tires, it may stop over 6 feet longer on wet surfaces than if it had new tires.

Don't wait until you wish you'd had better tires. Order a new set of tires for your Volkswagen today, and the fourth tire only costs \$1!

This promotion is only good from October 1 to October 31, 2011.
