Complete your vehicle inspection

Completing your inspection is simple – here's how it will happen.

- At about 2 months before your lease ends, our inspection company will contact you to coordinate your vehicle's inspection. For your convenience, the inspection can be scheduled at your home or where you work[†].
- The inspection company will provide you with a Vehicle Inspection Report which will itemize any excess wear and use (if applicable).
- If you have excess wear and use charges, they will appear on your final invoice unless you choose to repair the items prior to returning your vehicle.
- If repairs are made, mail or fax the receipts to Hyundai Motor Finance before you return your vehicle to your dealer. This will ensure proper credit to your account:
