# NEW THINKING. NEW POSSIBILITIES.

*Every year Hyundai vehicles continue to exceed expectations, surprising and delighting critics and car owners alike. Challenging the status quo is the essence of progress, and it's exactly why Hyundai is an emerging leader in the automotive industry. It's this striving for the highest quality and innovation in engineering that keeps us propelling forward. Focused on building the most innovative technology in the industry – this is how we create New Thinking. New Possibilities.*

## *BOLD. MOVE.*

*Engineering a car to be this exhilarating requires attention to every single heart-pounding detail. The 2013 Genesis Coupe is bolder, faster, and more technologically advanced than ever before, incorporating the latest innovation in engines, transmissions, lighting and braking systems. Simply put, this is a car that's engineered to perform with confidence.*

**AGGRESSION  
IN ITS MOST  
ELEGANT FORM.**

*Every line, every curve, every angle exudes a sense of power. Revamped headlamps with available LED daytime running lights and HID headlights come together in a bold and striking fashion with the redesigned aggressive front fascia and newly designed 18" and available 19" alloy wheels. Harnessing the Genesis Coupe's raw power is the available race-calibre Brembo Braking System® working together with the available R-Spec calibrated suspension and the superior sensing ability of the available Torsen® limited-slip differential – bringing an even higher level of performance to the Genesis Coupe.*

## EMPOWERMENT IMPROVED.

*With more horsepower than ever before, engineers have squeezed out a blood-pumping 348 hp\* from the all new 3.8L Gasoline Direct Injection (GDI) V6 engine and 274 hp\* from the enhanced 2.0L Twin Scroll Turbocharged engine. Manual models are equipped with a 6-speed manual transmission with refined shift and clutch action, while an all new 8-speed SHIFTRONIC® automatic transmission featuring F-1 inspired paddle shifters is also available. When it comes to performance, this sports car is all business.*

# OUTER BRAWN. INNER BEAUTY.

Welcome to a cabin that never lets you forget who's in control. All new supervision instruments are easily visible, while controls are ergonomically positioned within reach for ultimate convenience. Drivers opting for the 2.0T model enjoy standard steering wheel audio and cruise controls, leather-wrapped steering wheel and automatic climate controls, while GT and Premium models feature bi-level heated seats with power lumbar support. Add to that a wealth of cutting edge technology, including standard Bluetooth® Hands Free System, available push button start with proximity key, USB and iPod® auxiliary plug, and an available premium 10 speaker audio system, and you'll never want to drive anything else.

Not exactly as shown.

## MOVE WITH CONFIDENCE.

*Engineered to perform when you might need it most, the Genesis Coupe is equipped with the latest in advanced active and passive safety technologies. Standard features include Anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD) to maximize braking control, and Electronic Stability Control (ESC) with Traction Control System (TCS)<sup>2</sup> to help keep your wheels on their intended path in over-steer and under-steer conditions. From the high strength steel body and active front head restraints, to the standard six airbags<sup>1</sup> – dual front, driver and passenger seat-mounted side-impact, and side curtain – the Genesis Coupe provides added peace of mind.*

Not exactly as shown.

**Chrome-tipped  
Dual Exhaust.**

*The Genesis Coupe makes a bold statement with sporty and stylish chrome-tipped dual exhaust.*

**Acoustic  
Performance.**

*An available Infiniti® AM/FM/XM®/CD/MP3 Audio System reproduces crystal clear sound through 10 strategically placed speakers. This system includes navigation as well as a 3 month complimentary subscription to XM® Satellite Radio.*

**Bluetooth®  
Connectivity.**

*This hands free phone system is able to recognize Bluetooth® equipped phones, allowing you to keep your hands focused on driving.*

**Paddle-shift  
SHIFTRONIC®.**

*The Genesis Coupe 2.0T and 3.8GT models are available with an all new 8-speed automatic transmission. Both models feature F1-inspired paddle-shift SHIFTRONIC® and lock-up torque converter for improved highway fuel economy.*

**Supervision  
Instruments.**

*The new Supervision Instrument Cluster offers easy to read information directly in front of the driver's line of sight and the centre console includes race-inspired analogue gauges displaying oil temperature, torque, and acceleration.*

### **Sporty Interior.**

Available leather, cloth, as well as leather and cloth combination, support you with generous side bolstering, and come with available bi-level heating. Active front head restraints come standard on all models.

### **Advanced Lighting System.**

Available High-Intensity Discharge (HID) Xenon headlights use a precision-cut design to improve nighttime visibility. Each lamp includes an auto-leveling function to keep the headlights level regardless of how the vehicle is loaded. Offering the latest in LED technology, the Genesis Coupe is also equipped with standard LED rear taillights and available LED daytime running lights.

### **More Power.**

New for 2013, engineers have squeezed even more power out of both available engines. Choose either the 2.0T with up to 274 hp,\* or the 3.8 GT with up to 348 hp.\* Both engines incorporate Dual Continuously Variable Valve Timing (Dual-CVVT) technology.

### **Redesigned Rims.**

Optional race-caliber Brembo® Brakes, all-new redesigned rims, and an available R-Spec tuned suspension create the ultimate sport coupe experience.

# THERE'S NO SUBSTITUTE FOR PEACE OF MIND.

The quality of our vehicles is equally matched by the quality of our warranty. # ACCESSORIES

## **Winter Wiper Blades.**

*Designed for Canadian winters, Hyundai winter wiper blades ensure you see the road ahead.*

## **Cargo Tray.**

*Add years to the interior of your Hyundai by protecting it from spills and messy loads with a durable, custom-fit cargo tray.*

## **Cargo Net.**

*A custom-fit cargo net ensures everything you're transporting remains organized and in place by preventing items from sliding around.*

## **Car Cover.**

*Protect your Genesis Coupe with a custom-fit car cover.*

## **Rubber Floor Mats.**

*Protect the interior of your Hyundai from everyday dirt and debris with custom-made floor mats. Remove carpet mats prior to installation.*

## **Wheel Lock Nuts.**

*Closed Style. Help protect your valuable wheels and tires from theft with a set of Hyundai wheel lock nuts. To be used with alloy wheels.*

## **Front Strut Bar.**

*Increase the handling characteristics of your Genesis Coupe with this attractive front strut bar. Made of polished billet aluminum for strength, durability and style, this strut bar will add some "Bling" to your engine compartment.*

## **Trunk Lip Protector.**

*Protects the paintwork on your rear bumper from scuffs and scrapes when loading and unloading cargo.*

## **Rear Spoiler.**

*Add a touch of style and sportiness to your vehicle with an aerodynamic rear spoiler.*

## **Block Heater.**

*Engineered for your Hyundai, a block heater will help ensure fast starts and reduce engine wear in extreme weather.*
